

Computers that stand the test of time.

USED FUJITSU E744 NOTEBOOK

GRADE A CONDITION

The **LIFEBOOK E744 14" Laptop Computer** from **Fujitsu** features a 14" wide-screen display that has a 16:9 aspect ratio and a HD+ 1600 x 900 native resolution. The HD+ resolution allows 720p HD content to be played natively on the LIFEBOOK E744 without upscaling or letterboxing. The screen is powered by integrated Intel HD Graphics 4600. You can also output video to an external display via the DisplayPort.
